Print Instructions:

- ☒ Print Blank Routine Chart: You can select from two different versions:
 - with boxes to check off
 - without boxes to check off
- ☒ Print Chart Items: There are three pages of picture routines (35 different pictures)
 - Choose the appropriate routine pictures for your child/family.
 - Cut out each rectangular routine picture that you will be using.
 - A maximum of 6 routine pictures can fit onto the blank routine chart.

Assembly Instructions: You can then assemble your routine chart in two different ways:

Option 1: This option does not allow for flexibility in re-arranging the sequence for completing the tasks.

- Arrange the routine pictures on the blank routine chart in the order you expect your child to complete the tasks.
- You may wish to laminate the entire chart (with the pictures attached).

Option 2: This option allows for more flexibility if the sequence of your child's routine changes.

- Laminate the blank routine chart.
- Laminate the desired routine chart pictures.
- Use Velcro or securely tape each chart picture onto the Blank Routine chart in the order you prefer.
- If you chose the routine chart with boxes to check off, your child should use a dry erase marker to place a check as each routine is completed.
- If using option 2, your child can remove the routine picture as the task is completed.
